A LOT TO LEARN

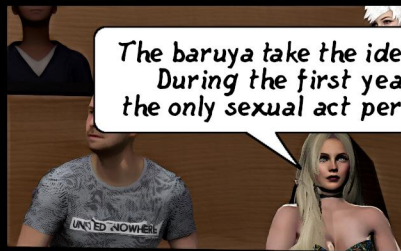

You see,
The women produce
milk, and the men
produce semen.
Both are substances
to be ingested
by the other gender.

Hey Allie ! This
gives me an idea !

The baruya take the idea to the extreme :
During the first year of marriage,
the only sexual act permitted is fellatio.

Ehm... Now, for the
ancient egyptians...

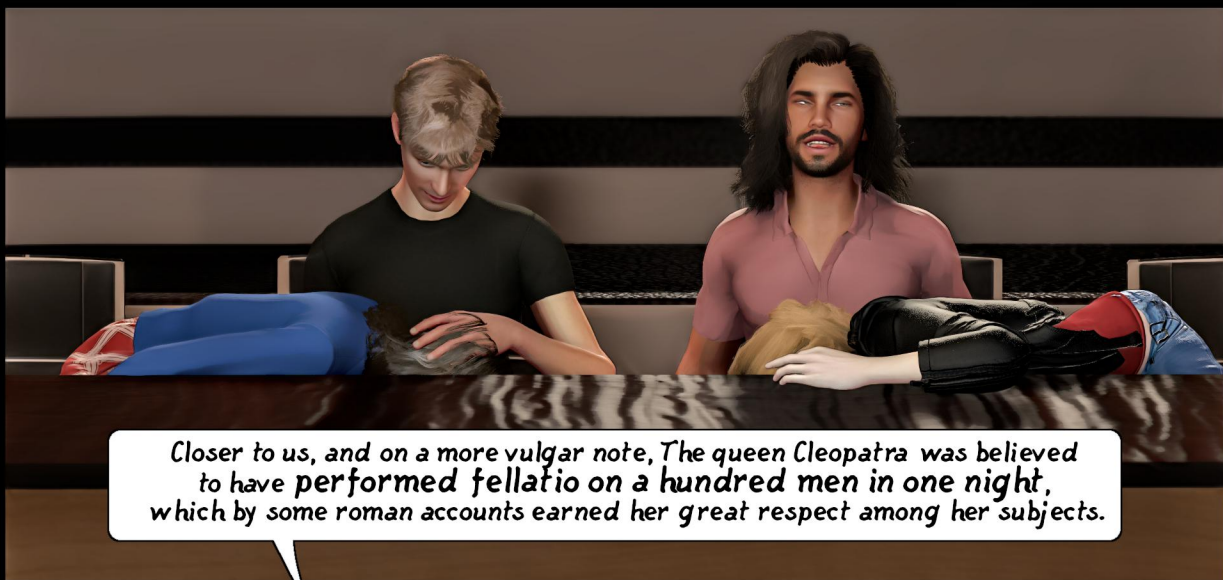

In some versions of the myth of Osiris, his wife Isis resurrects him by "breathing life" into his reconstructed phallus.

That's right !
And we have to swallow !

So , the first one to make her guy cum wins?

Go !

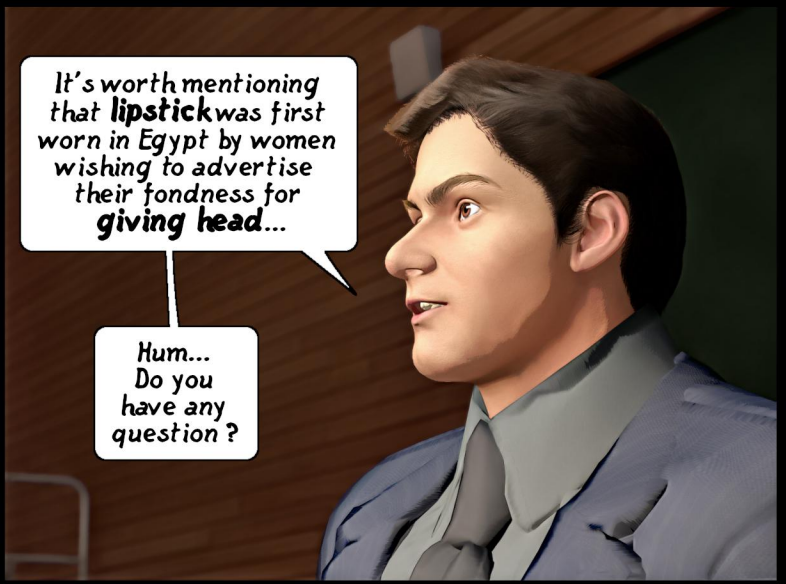

Closer to us, and on a more vulgar note, The queen Cleopatra was believed to have performed fellatio on a hundred men in one night, which by some roman accounts earned her great respect among her subjects.

It's worth mentioning that **lipstick** was first worn in Egypt by women wishing to advertise their fondness for **giving head**...

Hum...
Do you have any question ?

I won !

Aaaaaahhhh ...

That's my moment, I must go talk to him !

So, what did yours taste like ?

Mmmmh, cinnamon, a hint of berries, but a little too acidic... All in all I give it a 7/10.

S-Sir ?

These frat boys drink to much beer... Makes their cum sour.

Yes, Anessa ? What do you want ?

I... wanted to talk to you about the course. You see, I'm a little ... **inexperienced**. I wonder if....

If I could help you with it ?

Y-yes... If you ... You know, I have a lot to learn.

I could come to your room later for a ... private lesson.

So, tonight, 8 o'clock?

O-OK !

Oh my god!
Oh my god!
Oh my god!

Hi, girls !

I need your help with a little project...

That evening ...

Here ...
A little
treat
for
you ...

Don't be afraid if
you hear loud
noises.

It's just Mommy having a good time.

Now let's
put on
some
music...

Ah, The
Smiths!
Perfect !

Hi ! Don't worry
We're here to show
you a **good time** !

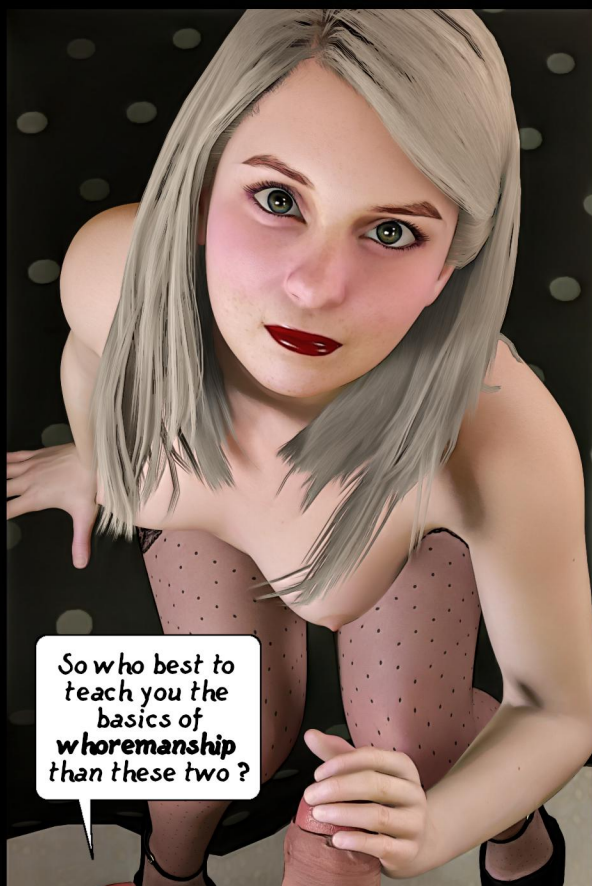

But ... But...
what ? ... Why ?

You said you had a lot to learn...

But I'm only a man. I can't teach you
all the tricks of the trade...

Yuu see, Allie and Gillie here are
the biggest sluts on campus.
They practiced on me a number of times ...

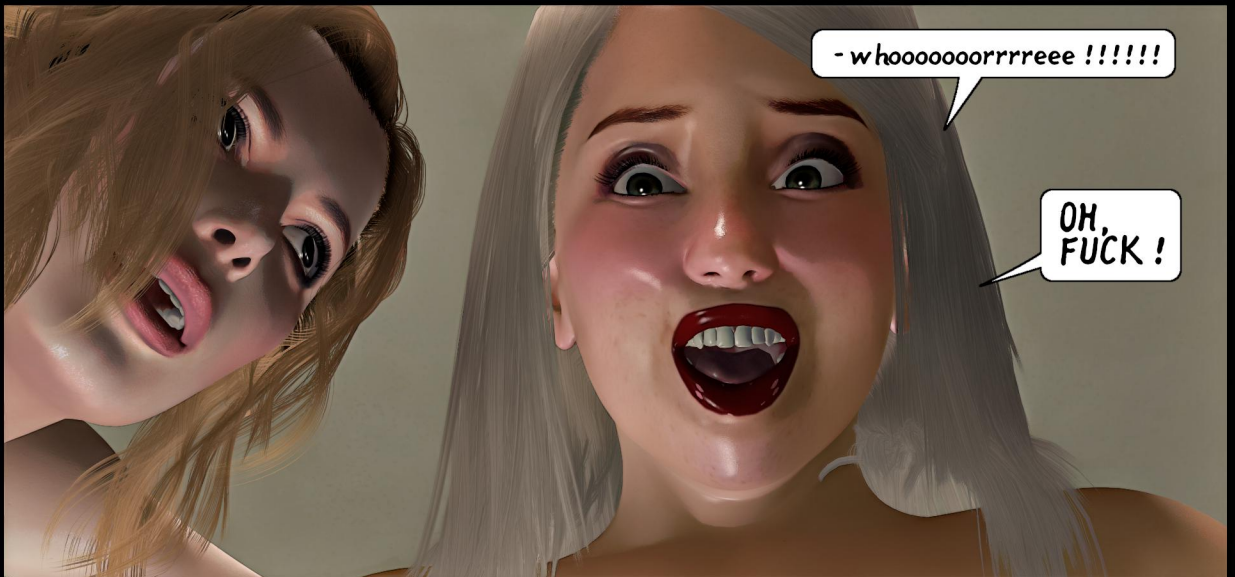

So who best to
teach you the
basics of
whoremanship
than these two ?

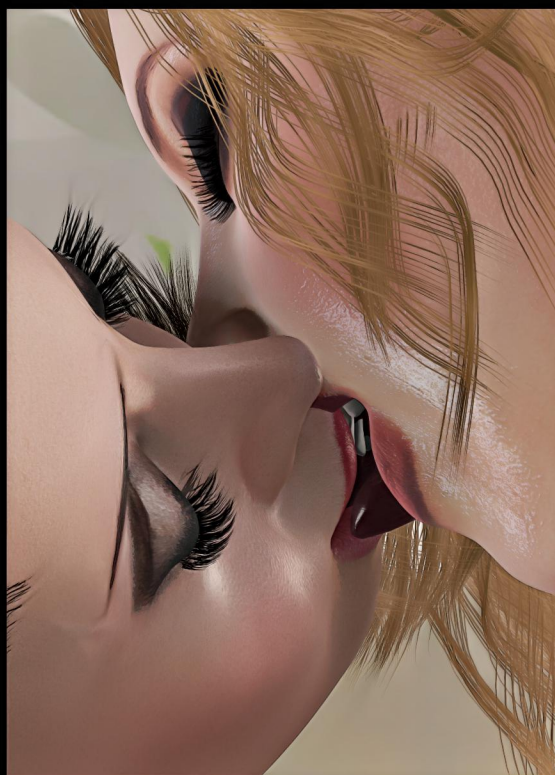

Ooooooh... That's the stuff

Messalina was a lucky one ...

You liked that, you little pervert ?

So Anessa,

I have one last question for you...

In which literary work is a facial ejaculation first mentioned ?

I... Sorry, I can't remember....

Girls ? Any idea ?

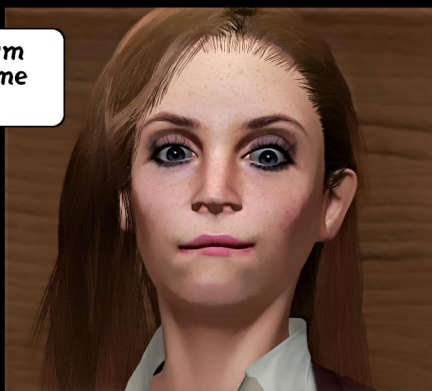

That was very
good, girls,
you all got an A !

I'll let you clean
her up while
I finish my comic...

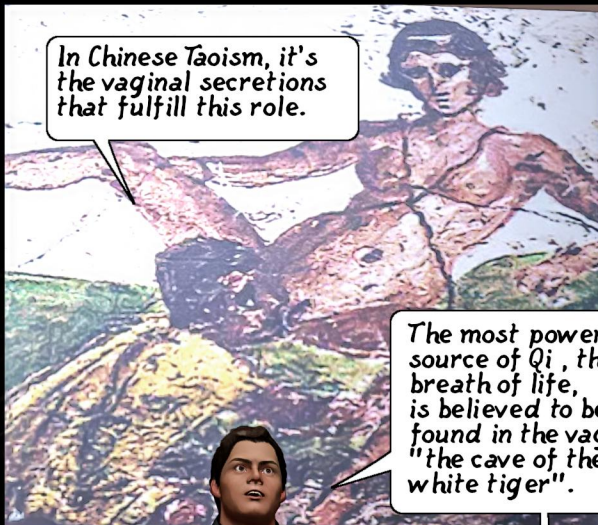

A week later ...

While, as we discussed last time, sperm is considered the essence of life in some cultures, it's not always the case.

In Chinese Taoism, it's the vaginal secretions that fulfill this role.

The most powerful source of Qi, the breath of life, is believed to be found in the vagina, "the cave of the white tiger".

The woman also benefits from the qi stored in the man's mouth, his saliva. In fact ...

Fuck !
I'm close !

Ha ha ! I'm gonna win !

... The great empress Wu Zetian was very fond of the practice and required every foreign visitor to lick her pussy...

Be it dick in mouth or tongue in pussy, oral sex is a sacred act all around the world...
